

ODDITIES IN NEWS FROM ALL OVER THE WORLD

Short Stories of Unusual Happenings and Singular Experiences Picked Out of the Chronicles of To-Day.

Twelve pretty Chickasaw Indian maidens have written a public letter declaring they want white husbands. They have land, money, cattle and college education.

The girls live in Indian Territory. They addressed their letter to President Winston, of the State Agricultural College at Charlotte, N. C., and he read it to the students.

Fifty boys were seen writing letters that afternoon.

LOST ELEPHANTS GO OUT CALLING.

While unloading a circus train at Taunton, Mass., the workmen forgot an elephant and her baby.

The elephant broke out of her car, and went downtown, where she fed her infant a lot of flowers picked from a private lawn, and invaded a restaurant window.

She was caught and returned to the show.

MINES CLOSED BY COMING OF CIRCUS.

Ten thousand miners quit work around Mahanoy City, Pa., yesterday to attend a circus.

All the collieries in the neighborhood had to shut down.

While the show was in progress a baby tornado came along and created panic among the miners and women and children.

BOY SANK IN HIS SUBMARINE BOAT.

Arthur Ackley, who lives near Highland Lake, Litchfield County, Conn., set out to invent a submarine boat.

It was a wonderful success, in a way.

Arthur, who is thirteen, was rescued after the boat had sunk with him in deep water. The boat is still a submarine.

75 COLLEGE GIRLS ILL ON MIXED MENU.

Seventy-five college girls of Burlington, N. J., are wondering how chicken salad, strawberries, ice cream and mayonnaise dressing could make them ill.

But this combination for dinner turned St. Mary's School into a hospital.

Some of the girls were quite ill. Two teachers, Miss Truman and Miss Harris, were also attacked.

STRAY DIPHTHERIA GERMS CALLED FOR.

Dr. Arthur S. Wilson, of No. 733 Dawson street, Bronx, went to the East Twenty-second street police station last night and claimed his diphtheria germs.

They were in a vial the doctor lost Sunday night. Policeman Witzel found the grip and took it to the station.

The case was a mystery until Dr. Wilson put in his claim. The vial contained among other things diphtheria "cultures."

COSTLY TO LIVE OR DIE IN PITTSBURGH.

While it has been urged by many that Pittsburgh is the most expensive city to live in, the fact that it is the costliest place to die has just come out.

The Pittsburgh Cemetery Association has raised the price of graves \$2 over the old cost. The local graveyards are full, and the price may even be made higher before long.

USE LOCOMOTIVES TO RAZE HOUSES.

The Boston and Albany Railroad is using locomotives at West Springfield, Mass., to tear down old houses.

Long chains are attached to essential supports of the buildings along the tracks and the engine takes the other end of the chain.

The company has razed several old round-houses this way.

WATER FRESH AND SALT IN ONE WELL.

A well has been found in Hamilton County, O., which gives up both fresh and salt water.

There are two pumps in it, one fur-

nishing sweet, pure drinking water, and the other a variety highly charged with salt.

The United States Geological Survey discovered the well. The secret is that one pump goes below a limestone ledge to the salt pool, while the other taps the fresh water above the ledge.

How to Get Rid of Fat.

A Remarkable Discovery That Can Reduce Fat Harmlessly at the Rate of a Pound a Day.

A Trial Box Sent Free.

A quick, harmless reducer of fat has come into popular use which far eclipses any method of treatment hitherto known.

Starvation diets break down the health almost invariably, as is commonly witnessed among many former fat folks who have tried to starve their fat away.

Dangerous drugs and mineral acids can now be put on the shelf.

You Eat Rengo Like You Would Fruit or Candy.

In their stead, many physicians are now prescribing Rengo, which among other things contains the extracts of some tropical fruits, and which has a remarkable faculty not only of reducing the fat quickly and in a natural way, but also makes the nerve strong, digestion vigorous and muscles more brawny, leaving what once was a weak, bilious, bloated victim of fat, a normal, vigorous, muscular person.

Rengo has the faculty of compelling proper assimilation of food and driving off the surplus abnormal tissue present.

Thus, no strenuous exercises are necessary and there is no interference with one's daily labors.

Rengo is very pleasant to take, and it is chewed like candy. It attacks abnormal tissue with unerring accuracy and causes a gradual, harmless but effective reduction in weight, and without leaving wrinkles, which are nearly always present after taking drugs and other dangerous materials commonly called "anti-fats."

There is only one company in the United States making this remedy and that is the Rengo Company at Detroit, Mich. For some time they have made it a practice of sending out trial boxes of this remarkable treatment to any one who sends them their name and address.

We recommend that any one suffering from excess fat prove to his or her own satisfaction that this powerful product can do and just see for a box on trial. Address: The Rengo Co.

Over the "Thirtieth."

A day off—and a new suit on—a befitting way of celebrating Decoration Day. Here are suits that have little in common with the usual ready-for-wear sorts. Among the many essential differences very apparent to discerning men is the Wm. Vogel & Son shoulder—the perfect shoulder which is carefully worked by hand, eliminating the superfluous wadding, and is shape-retaining, always.

Look for this shoulder in our Men's Suits at \$18. Various single breasted sack models are shown in exclusive worsteds, cassimeres and chevots and blue and black serges and Thibets.
